Council accepted public testimony on February 16<sup>th</sup> and continued the hearing to provide adequate time to review the complete Final Order from the Hearings Examiner. Bourquin added staff recommends that Council allow the applicant an opportunity to testify, followed by a motion from Council to approve the plat alternation as presented and with the conditions set forth in the staff report.

Professional Services  
Contract – Downtown  
Camas Association  
(DCA):

Bourquin briefly explained the provisions of the proposed contract between the City of Camas and the DCA. He added that staff recommends authorization for the Mayor to sign the agreement.

Council reviewed the contract and made suggestions to change some of the language to give more clarity to the role and functions of the DCA.

Questions were asked and clarifications were made.

After further discussion, Council stressed the importance of collaboration between the DCA and the Camas-Washougal Chamber of Commerce. Hogan stated that he will deliver the message to the DCA. Discussion ensued.

Bourquin recapped the noted changes.

It was moved by Anderson, seconded by Smith to authorize the Mayor to sign the professional services contract with the DCA with the noted changes. The motion carried unanimously.

Summit at Columbia  
Vista Subdivision  
(SUB04-06) Extension

Bourquin responded to questions from Council.

It was moved by Higgins, seconded by Gerde to approve the extension requested by Summit at Columbia Vista Subdivision for a two-year period to expire March 17, 2012. The motion carried unanimously.

Ordinance No. 2583 –  
Amending Camas  
Municipal Code (CMC)  
Related to Sexually  
Oriented Businesses:

Bourquin explained the purpose of Ordinance No. 2583. It was noted by Bourquin that section III of the ordinance has been corrected to read *Chapter 18.37* as being repealed rather than Chapter 18.07. Staff recommends approval of the corrected ordinance.

Chaney asked if an accompanying resolution will be forthcoming relating to the fees identified in the ordinance.

Chaney also asked for clarification whether or not there is an application fee and a license fee or if they are one in the same. The ordinance mentions both throughout the document. Bourquin responded that his perception of the language is that there is only one fee. Dietzman agreed.

Mayor asked Council if they prefer a one time application-license fee or if there should be an application fee and an annual license fee.

After further discussion, Lloyd Halverson, City Administrator, summarized that some Council members believe there should be two fees; one for the application and one for the license and that the fees should be annual and structured based on the amount of work that is involved. Halverson suggested that changes be made to the ordinance so that it is concise and compliant and that this matter should be brought back to Council for consideration along with any related resolutions.

Bourquin asked if this matter would need to go back through a public hearing if changes are being made to code. Roger Knapp, City Attorney, replied that a public hearing could be held at the Council level rather than the Planning Commission.

Bourquin stated that he will meet with Chaney and the City Attorney to resolve the issues. A public hearing will be set at the Council level to consider the adoption of an ordinance and resolution.
