

**NE EVERETT STREET**

**NE LAKE ROAD**

Community and regional growth has increased traffic, causing safety and mobility concerns. Average daily traffic entering the intersection is well over 15,000 vehicles. Our hope is to alleviate these challenges – **and you're a vital part of the process.**

## **Project Goals**

Share the importance and benefits of the project, including:

- Construction of the improvements as soon as reasonably possible.
- Reducing traffic congestion.
- Improving safety for multiple modes of travel.
- Minimizing environmental impacts.
- Effectively engaging the community in the decision making process.
