Presentation followed by Q & A session

NE Lake Road and NE Everett Street Intersection Improvements

Thank you to everyone who has participated in previous events and surveys!

Based on community feedback, in May, the Camas City Council selected a roundabout as the preferred alternative for the Lake-Everett intersection. Construction is anticipated to start in spring 2020. To hear more about the plans, including landscape design and construction timing, please join us on January 23, 2020.
